**EHS Certification Training Program**

## Comprehensive Health Solutions for a Stronger, Safer Workforce

### MIOSH – End-to-End OHC Solutions

- + Establishes Occupational Health Centres (OHCs) compliance with local and legal requirements.
- + Provides infrastructure planning, equipment procurement, staffing, and documentation support.
- + Develops medical protocols for smooth and compliant OHC operations.
- + Offers training for medical and paramedical staff.
- + Conducts periodic audits and medical surveillance programs.
- + Ensures compliance, quality, and excellence in occupational healthcare delivery.

## This Centre Provides

### Human Resources

**AIFH & MBBS Doctors**

### Medications

### Medical Equipments & Instruments

**Staff Nurses**

### Full Equipped Ambulance

**Ambulance Drivers**

## AED / First Aid Box

Equipped for emergencies, providing essential tools and training to make you the first line of help when it matters most. Safety is the top priority. Reliable, easy-to-use, and designed for quick response, it ensures readiness in every critical situation. Empower yourself to act confidently and save lives.

# Personal Protective Equipments (PPE)

## Body Protection

Body protection equipment shields individuals from potential workplace hazards, helping to prevent injuries and maintain overall safety. Designed with durable and comfortable materials, it provides reliable coverage for workers in various industries, ensuring confidence and security on the job.

## Ear Protection

Protects against excessive noise, preventing hearing damage and ensuring a safer, more comfortable work environment.

## Head Protection

Our Head Protection range is designed to provide maximum safety and comfort in demanding work environments. Built to withstand impact and reduce the risk of head injuries, our helmets and hard hats ensure reliable protection for workers across construction, industrial, and manufacturing sectors. Stay safe, stay confident because your safety is our top priority.

## Safety Goggles

Protect your eyes from flying debris, chemical splashes, and other workplace hazards with our high-quality Safety Goggles. Designed for use in laboratories, workshops, and construction sites, these goggles provide a secure barrier against potential risks, ensuring maximum eye protection and enhancing overall safety on the job.

## Respiratory Protection - Safety Masks

Our Safety Masks provide reliable protection against hazardous particles, vapors, and gases, reducing the risk of respiratory harm. Essential in healthcare, construction, and industrial environments, these masks ensure safe breathing even in areas with poor air quality or exposure to harmful substances. Designed for comfort and durability, they help safeguard your health in every work condition.

## Hand Protection

Our Safety Hand Gloves are designed to safeguard your hands from chemical splashes, cuts, abrasions, and other workplace hazards. Suitable for industrial, laboratory, and medical environments, these gloves create a reliable barrier between your hands and potential risks. Engineered for comfort, durability, and superior protection, they help reduce hand injuries and promote overall workplace safety.

## MIOSH Safety Shoes

At MIOSH, we prioritize the safety and well-being of workers across all industries. Our commitment is to deliver top-quality safety shoes that offer both protection and comfort, enabling you to perform your tasks with confidence. With a strong focus on quality craftsmanship and customer satisfaction, MIOSH stands as your trusted partner in workplace safety.
